SCHMITT-PAULI, DR. EDGAR VON

Gentleman of the old school; capitalizes on this and on his acquaintance with ex-Kaiser; tried to blackmail source over her purchase of excerpts of memoirs of Kaiser's mother; was arrested by Nazis during blood purge of June 1934; reason for this unknown, as he had published a book about the "men around Hitler" of which Nazis approved, seemed to be in their good graces, and had a handsome Norwegian wife; was released a few weeks later, and is doubtless working for Gestapo now in gratitude for his escape; would probably try to use his monarchist and Norwegian connections in case of a Nazi defeat.
